Technical requirements for speakers and chairs
For a smooth running congress and a simple connection, we recommend implementing the following requirements.

This event is organized by the Czech Centre for Phenogenomics supported by the grant LM2018126 of the Ministry of Education, Youth and Sports (Programme for Large Infrastructures for Research, Experimental Development and Innovation, 2020 - 2022).

Go through the entire 5-step process.

This process checks that:

1. You use the latest version of a supported browser. (Chrome or MS Edge). Older browsers may not be supported! Please make sure to update it. Do not use iPhone, iPad or Android phones/tablets for your talk/presentation. Use a full desktop browser on your laptop or PC.
2. Your connection is stable.
3. Your camera and microphone are enabled.
4. **Red text means there is a problem with some of your components and needs to be resolved.**
5. The test will finish with a four digit PIN. This is a sign for you that all went well.

Use the Speaker Preview at the end of the process to see how you will look while presenting.

Make sure Chrome or Edge is NOT MUTED:

1. Right click on this icon in your taskbar
2. Select „Open Volume mixer“
3. Check if browser is not muted
